Information under Articles 13 and 14 GDPR

As at 9 November 2026 · Translation for information. The German version governs; as a consumer you may rely on the version in your own language.

> We process only what the enquiry and the order require. No advertising networks, no analytics services and no fonts from third-party servers are embedded.

1. Controller

1. The controller for the processing of your data on this website is:
2. Litvin Volodymir, Züchnerstraße 4, 56070 Koblenz, Deutschland
3. Telephone: +49 1516 4081873 · E-mail: info@mcars-logistics.de

2. Enquiry form

1. If you send us an enquiry, we process your name, contact details and the content of the enquiry in order to answer it. The legal basis is Article 6(1)(b) GDPR.
2. The data is kept until the enquiry is dealt with and is then deleted, unless a commercial or tax retention obligation applies.

3. Server logs

1. On every request the server records the IP address, time, requested address, volume transferred, browser and operating system. This serves operation and defence against attacks; the legal basis is Article 6(1)(f) GDPR.
2. Logs are deleted after seven days and are not combined with other data.

4. Cookies

1. We set no cookies for advertising or analytics. Only what makes the site work is set: a cookie holding your language and delivery country so that the page looks the way you set it on your next visit.
2. That storage is strictly necessary for the service you requested and requires no consent (§ 25(2) no. 2 TDDDG).

5. Advisory chat

1. The chat on this site is run by us; no third-party service is embedded and no data goes to outside providers.
2. We process the text of your messages, the search criteria recognised from it (model, budget, fuel, delivery country) and a random session identifier. If you volunteer contact details, we process those too in order to reply.
3. The legal basis is Article 6(1)(b) GDPR for steps prior to a contract, otherwise (f) from our interest in advising you directly.
4. The session identifier sits in your browser's sessionStorage, contains no personal data and disappears when you close the tab. It too is technically necessary within the meaning of § 25(2) no. 2 TDDDG.
5. Conversation records are kept for at most 90 days. Where they are analysed to improve our advice, this is done solely on content from which personal data has been removed.
6. The chat takes no decision producing legal effects within the meaning of Article 22 GDPR. Its statements are indicative.

6. No external services

No analytics services, advertising networks, map services, embedded videos or fonts from third-party servers are included. All files are served from our own server.

7. Hosting

The website is operated in Germany. A data processing agreement under Article 28 GDPR is in place with the data centre operator.

8. Vehicle data

Vehicle details and images come from the auction platforms. Personal data of third parties — such as details of previous owners — is neither collected nor published by us.

9. Your rights

1. You have the right of access (Article 15), rectification (16), erasure (17), restriction of processing (18), data portability (20) and objection to processing based on legitimate interests (21 GDPR).
2. Any consent given may be withdrawn at any time with effect for the future. A message to the address above is enough for all of these.

10. Right to complain

You may lodge a complaint with a data protection supervisory authority. The authority responsible for us is the State Commissioner for Data Protection and Freedom of Information of Rhineland-Palatinate.

11. Changes

If the processing changes, we update this statement. The version retrievable at the time of your visit applies; the date is given above.
